

3rd Inter-Continental Concert (The Eternal Love):

Eternal Love was the third Inter-Continental Concerts project, representing their fundamental desires, philosophy and prospects towards love, life and diversity. In this performance, a large variety of styles from different regions of the world are covered. The emphasize of this concert was on important issues such as unity, love, life, peace, education, social concerns, geopolitical concerns and ultimate questions.

This event was made possible due to the generous participation of a large number of people who cooperated in writing, creating, playing and producing the pieces. It is somehow a conclusion of four years of activity of the Inter-Continental Concerts.
