EMU Among the World's Best Young Universities!

UK-based Times Higher Education (THE), one of the most reputable publishers of the worldwide university rankings, announced "The World's Best Young Universities Rankings 2017" (also known as 'Under 50 Rank-

ings'), featuring the list of the world's best universities under the age of 50. In the rankings, Eastern Mediterranean University has achieved remarkable success after having been ranked within the 151-200 band. It is worth men-

tioning that Eastern Mediterranean University is the only university from the TRNC appearing on the list.

The Times Higher Education 'Under 50 Rankings' applies the same performance indicators as the THE World University Rankings to provide the most comprehensive and balanced comparisons, which are trusted by students, academics, university leaders, industry and governments. The performance indicators are grouped into five areas, namely, teaching quality, scientific research, citations, international outlook and income from the industry. Featuring 200 institutions, the World's Best Young Universities Rankings have been announced on the official webpage of the Times Higher Education on 5 April 2017.

Celiac Disease and Nutrition

9th of May, Celiac Disease Awareness Day is a globally important day for raising awareness and supporting individuals with this disease. Celiac Disease (also known as Gluten Enteropathy) is a serious autoimmune disorder that can occur in genetically predisposed people where the ingestion of gluten leads to damage in the small intestine. Celiac disease is a problem some people have with foods that contain gluten, a type of protein found in the grains wheat, barley and rye and flour produced from these grains. When a person who has celiac disease consumes foods containing gluten, his/her immune system reacts badly and the intestinal lining becomes damaged. In line with the recent developments, patients as such may be recommended to consume limited oat under close monitoring.

The only recommended treatment for celiac disease is a strict gluten-free diet, excluding wheat, barley, rye and food items produced from them from the diet. Instead of food items containing gluten, patients are recommended to consume corn and rice and flour produced from them. However, it should always be kept in mind that each individual are recommended separate nutrition and

dietary applications in diseases as such.

Foods to Avoid for Celiac Disease:

- All types of products containing wheat, barley and rye. (e.g. flour, cracked wheat, cracked wheat pilaf, semolina, macaroni, vermicelli, couscous, bread, cake, cookies, biscuits, pastry, buns, wafer, bagel, cracker, ice-cream cone, deserts with flour, tomato paste containing gluten, ketchup, soup containing flour, sauces, tarhana and cracked wheat).
- Meat products like chicken, fish and meat cooked with bread crumbs.
- Drinks containing malt, beer, malt drink, vodka, gin.
- Ready-made soups and seasoning items including gluten;
- Some items such as vinegar, chocolate, pudding, chewing gum, ketchup, mayonnaise, and ice-cream may contain gluten. Before consuming items as such,

information on the ingredients of the product should be obtained.

- Dried nuts with salt or sauces should also be avoided as they contain gluten. Gluten-free nuts are also available and can be consumed.

Important Recommendations for a Gluten-free Diet

Those with celiac disease should take time to go over the labels for items bought from supermarkets. Before consuming over the counter products, patients should inspect the nutrition information for each product and check whether the item contains gluten or not. While consuming food at schools or restaurants, gluten free meals should be selected. Food for children with celiac disease should be prepared separately by families. Finally, the most important recommendation for individuals with gluten enteropathy or celiac disease is to ensure close monitoring by a doctor or dietitian.

EMU Among the World's Best Young Universities!

Eastern Mediterranean was formerly ranked within the top 600-800 universities in the Times Higher Education's World University Rankings which only includes the most prestigious 980 universities among more 25000 universities in the world. In "BRICS and Emerging Economies University Rankings", Eastern Mediterranean University once again confirmed its quality after having been ranked the 173rd. With this remarkable achievement, Eastern Mediterranean University appeared within the top 7 universities within 200 universities in Turkey.

Three Universities from Turkey Appeared on Last Year's List

Only three universities in Turkey managed to appear on THE's The World's Best Young Universities Rankings 2016. In the former list of the World's Best Young Universities, Sabancı University ranked 13th, Bilkent University 28th and Koç University 51st.

With EMU's Appearance on the BRICS Rankings, North Cyprus Listed within Countries

With EMU's appearance on THE's "BRICS and Emerging Economies University Rankings" as the 173rd university, Northern Cyprus' name was listed amongst countries appearing on the list for the first time. After appearing on the list of Turkish universities in former rankings, EMU appeared on the list as an institution in Northern Cyprus for the first time, confirming the fact that education overcomes embargoes. On the other hand, EMU's success in "BRICS and Emerging Economies University Rankings" and the appearance of Northern Cyprus on the list as a

country were protested in South Cyprus.

Prof. Dr. Osam: "I am deeply honored and proud"

EMU Rector Prof. Dr. Necdet Osam expressed his deep honor and pride in EMU's outstanding achievement, as also confirmed by an official letter from the editor of THE. Highlighting the fact that EMU is an institution of higher education providing education at world standards, Prof. Dr. Osam put forth that EMU's educational quality has been confirmed by accreditations gained. Prof. Dr. Osam also stated that on the 38th anniversary of its foundation, Eastern Mediterranean University is a source of pride both for the Turkish Republic of Northern Cyprus and the neighboring region. Prof. Dr. Osam added that the university will proceed towards further achievements with continued efforts. Prof. Dr. Osam also extended his appreciation to all staff members for their selfless contributions in achieving this remarkable success.

EMU Ranks 50th in International Student Profile Category

In addition, The Times Higher Education (THE), comprised an International Student Table based on data collected from institutions for the World University Rankings. The list comprising of 200 universities used figures on the percentage of international students provided by the institutions. EMU ranked 50th on the International Student Table achieving another important feat.

Currently, EMU boasts about 20 thousand students from 106 different countries and the number of international students is on the rise every year. In

a recent statement, EMU Rector Prof. Dr. Necdet Osam indicated that by featuring on this list EMU has once again proven that it is a truly international university. Prof. Dr. Osam stated: "Thousands of students from many different countries receive high quality international education in our safe campus environment with strong infrastructure and prominent faculty members. International students that are satisfied with our university, lead to more international students arriving at our university. Our graduates gain the opportunity to work at respectable

positions in their countries. Therefore, our international student population increases every year."

Sixteen universities from London featured in the top 200, making it one of the most represented cities in the ranking. UK was the most represented country on the list with 72 of its universities featuring on the top 200 list. 27 universities from the US and 22 universities from Australia featured on the list. EMU was the only university from the TRNC to appear on the list.

Chadian Students Paid a Visit to Rector Prof. Dr. Osam

Timan Djerou, President of the Chadian Students Association representing students studying at universities both within the TRNC and Turkey, and Executive Board members of the said association paid a visit to Eastern Mediterranean University Rector Prof. Dr. Necdet Osam.

Stating that around 350 Chadian students study in Turkey and the TRNC,

Djerou added that the center of the Chadian Students Association is located in Turkey, but from time to time, they visit the TRNC to check the situation of their fellow students studying on the island. Putting forth that Chadian students studying in EMU expressed their happiness in studying in EMU, Djerou thanked Rector Prof. Dr. Osam for the provision of an ideal environment of study for Chadian students. During the

visit, Djerou also provided information about Chad and invited Prof. Dr. Osam to an organisation set to take place in Kayseri Erciyes University during the upcoming days.

During the meeting, Prof. Dr. Osam stated that Eastern Mediterranean University hosts around 20,000 students from 106 different countries. Prof. Dr. Osam also expressed his hope to see

more Chadian students in EMU. Talking about scholarship opportunities offered to international students, Prof. Dr. Osam also added the possibility of increasing the scholarships to be awarded to Chadian students in the near future. At the end of the meeting, Prof. Dr. Osam congratulated the visiting Chadian students for their good command of the Turkish language.

İlker Başbuğ Gave A Conference In EMU

Center at 2:00 p.m. on Wednesday, 17 May 2017.

After a moment of silence and the national anthem, Atatürk Application and Research Center Academic staff member Dr. Turgay Bülent Göktürk delivered the opening address of the event. Dr. Göktürk expressed his pleasure in hosting Başbuğ in EMU and read his biography.

After Dr. Göktürk, Başbuğ started his speech by commemorating the late leaders Mustafa Kemal Atatürk, TRNC Founding President Rauf Raif Denktaş, Cyprus Turkish Community Leader Dr. Fazıl Küçük and all martyrs. Stating that during his former conference in EMU he talked about the Cyprus conflict, Başbuğ put forth that he wants to talk about Turkey's current problems in this year's conference.

Başbuğ stated that in Mustafa Kemal Atatürk's 8th notebook written in 1922, he wrote about the foundation phase of the Republic of Turkey and emphasized

the importance of schools, education, economy, arts and construction for the strong standing of a government. According to Başbuğ, one of the most important problems of Turkey is fully related to education as compared to other countries, Turkey has not yet reached the desired level in education. In this respect, Başbuğ provided his recommendations for the betterment of the educational system in Turkey, with a special focus on teachers and pre-school education.

"Syria is a Giant Hive"

Another current problem of Turkey according to Başbuğ is the Syrian conflict as he described Syria as a giant hive which has chaos and turmoil. Describing the Syrian conflict as one of the most challenging and tragic international problem of the 21st Century, Başbuğ highlighted the fact that more than 50% of the Syrian population has been relocated and that Turkey is hosting the largest population of the refugees. Başbuğ also added that external forces are trying to establish a Kurdish formation in Northern Syria, which poses a great threat for Turkey.

"It is due to the Turkish Armed Forces that the 15th of July attempt was not successful"

In his speech, Başbuğ also talked about the coup attempt on the 15th of July. According to Başbuğ, it wasn't a military coup attempt but another coup attempt initiated by an illegal religious organization infiltrating into the Turkish Armed Forces. Başbuğ also stated that it is due to the efforts of the Turkish Armed Forces that the 15th of July attempt was not successful.

At the end of the conference which attracted great interest, İlker Başbuğ was presented a plaque of appreciation by EMU Rector Prof. Dr. Necdet Osam and EMU Atatürk Ideology Club Chair Çağatay Kır. After the conference, İlker Başbuğ signed the books he authored. Alongside with EMU Rector Prof. Dr. Necdet Osam, President of the Board of Trustees İlker Edip, Famagusta District Governor Dürdane Acı, academic and administrative staff members and students attended the conference.

Within the framework of the 23rd Spring Festival, Eastern Mediterranean University Atatürk Ideology Club hosted the 26th Commander of the Turkish Armed Forces İlker Başbuğ. On the first day of the 23rd Spring Festival, İlker Başbuğ gave a conference entitled "Current Problems of Turkey" at Rauf Raif Denktaş Culture and Congress

Proceedings book of the said event which was attended by academicians from 21 different countries including Germany, Russia, Poland, India and Turkey was presented to EMU Rector

Prof. Dr. Necdet Osam by Dr. Turgay Bülent Göktürk. Thanking Dr. Göktürk, Prof. Osam stated that the university has full support for activities contributing to the promotion of the Turkish Cypriots at the international level.

Education Faculties of Turkish Cypriot Universities Assemble Deans Council

Upon a call from the TRNC Higher Education Planning, Evaluation, Accreditation and Coordination Council, Education Faculty Deans gathered on the 7th of March 2017 setting up a council to evaluate Faculty problems based on scientific data and to ensure that education, research/publication and social responsibility activities are run in a productive manner.

Founding Chair from Eastern Mediterranean University

The Council aims to coordinate with the Education Faculties Deans Council in Turkey. The first Chair of the council became Eastern Mediterranean University (EMU) Education Faculty Dean Prof. Dr. Ülker Vancı Osam. The deans who met at EMU for the first time on

the 24th of March 2017 soon settled on the name EFDEK-TRNC. The council members that also set up a Directive in order to arrange the procedures and principles of its formation, aims, areas of activity, tasks and mode of operation carried out their second meeting recently.

Dialogue and Collaboration Spirit Blossoms

EFDEK-TRNC Chair Prof. Dr. Ülker Vancı Osam pointed to a newly blossoming collaboration spirit and dialogue between TRNC University Education Faculties as a result of the formation of the council. Indicating that she is very pleased about this, Prof. Dr. Vancı Osam highlighted that this Faculty is one of the most popular Faculties whose

contributions to their respective universities is a lot higher than other faculties. Prof. Dr. Vancı Osam also maintained that Education Faculties play vital roles in increasing the quality of educational operations of universities.

The Objective is Quality Assurance in Teacher Training

During the recently held second meeting of EFDEK-TRNC a strengths, weaknesses, opportunities and threats analysis of TRNC Education Faculties took place. Especially focusing on weaknesses and threats the analysis aimed to capitalize on opportunities in order to increase the Faculties teacher

raising quality. To reach this aim work will be carried out on a strategic plan that will lead to Education Faculties in the TRNC collaborating with Turkish and international educational institutions.

The aims of the strategic plan are as follows: developing scientific work, public service and the educational structure of Education Faculties in the TRNC, applying for national and international accreditations, developing collaborations in Turkey and international collaborations, collaboration with the government.

Work Initiated by YÖDAK

TRNC Education Faculty Deans Council Chair Prof. Dr. Ülker Vancı Osam noted "We would like to thank YÖDAK for initiating this work. As soon as the National Qualifications Framework for Higher Education in Turkey is completed we will revise the programs of Education Faculties accordingly", indicating that a lot of work awaits them.

As a result of the Directive based on the articles of YÖDAK legislation, each university Education Faculty Dean will in turn be Chair of the Council for a period of one year. The council will meet at least twice a year.

8th International Dialectology and Geolinguistics Congress Proceedings Published

The proceedings of the 8th International Dialectology and Geolinguistics Congress organized by the Eastern Mediterranean University (EMU) between the 14th and 18th of September 2015 have been published. The proceedings include information on variants, new methods and approaches towards linguistics and linguistic geography, statistics in stomatology studies, dialect dictionaries and atlases, the relationships between standard language and dialect, minority language and so forth. The congress was attended by 82 researchers from 17 different countries. 20 papers were featured in the proceedings book after being approved by the arbitration committee.

The editors of the book are Prof. Dr. Vügar Sultanzade, Prof. Dr. Ahmet Pehlivan and Prof. Dr. Astrid Van Nahl. The book features research on dialectology carried out by researches from countries including Japan, Austria, Turkey, Lithuania, Germany, Spain and Latvia. Amongst this research, Chitsuko Fukushima's work on the re-classification of verb inflection in Japanese dialects and Genovaite Kaciuskiene's work on how Lithuanian dialects are covered in school books are very gripping. In addition, Prof. Dr. Nurettin Demir's work titled "Aliefendi, Ankara, Tsengel ve Çuvaşistan Örneğinde Yirmi Birinci Yüzyılda Ağızlar" and Anna Stafecka's work titled "Latvian dialects in the 21st

century: old and new borders" present valuable information on the status of dialects in the 21st century. Maria Pilar Perea's 20th century Catalan dialect dictionaries and Alexande Mankov's studies on the Gammalsvenskby dialect also present important contributions to the field of dialectology.

The book doesn't only contain work pertaining to other countries. It also contains studies regarding Turkey's dialects and the Turkish Cypriot dialect. One example of such a study is a study comparing blessings and curses in Turkish Cypriot dialect and Turkey's dialects.

EMU Marks World Pharmacists Day With Different Activities

Eastern Mediterranean University celebrated 'World Pharmacists Day' with different activities. The first activity marking the said day was the Cyprus Turkish Pharmacists Association Former Chair Fatma Azgın's talk on Cyprus Turkish Pharmaceutics. Prior to Azgın's talk Vice Dean Assoc. Prof. Dr. Hayrettin Ozan Gülcan provided information about the scope of the day and extended his best wishes to all pharmacists. Among those present at the talk were Dean of EMU Pharmacy Faculty Prof. Dr. Mustafa Fethi Şahin, Vice Dean Assoc. Prof. Dr. Hayrettin Ozan Gülcan, and academic staff and students of Faculty of Pharmacy.

"Existing Regulations Should Be Harmonised In Line With Sectoral Changes"

The Cyprus Turkish Pharmacists Association Former Chair Fatma Azgın thanked EMU Faculty of Pharmacy for their invitation and provided information about World Pharmacists Day. Highlighting the fact that the profession of pharmaceutics is closely linked with laws and scientific information, Azgın stated that pharmacists should be well aware of the rules and regulations when performing their profession. Providing information on the history of pharmaceutics, Azgın added that within 100 years, there will be no need for pharmacists as patients will be able to order the medicine online. Azgın also stated that just like changes in sociolo-

gy and humanity, rapid changes in the world of medicine are taking place. In this respect, Azgın put forth that laws and regulations should undergo rapid changes, accordingly. The talk came to an end after Azgın providing information about the history of pharmaceutics in the TRNC.

"Pharmaceutics Is A Profession With Utmost Importance"

Within the framework of the World Pharmacists Day celebrations, a panel titled "The Joint Role of Pharmacists and Doctors in Health" took place with the participation of Pediatric Health and Diseases Specialist Dr. Umut Altunç and Obstetrics and Gynecology Specialist Dr. Şerife Göksu. During the panel, Dr. Umut Altunç delivered a presentation on prescriptions with a special focus on how they should be written and what kind of information they should contain. Bob Geldof Rocks EMU!

Organised annually by Eastern Mediterranean University Social and Cultural Activities Directorate operating under the Vice Rector's Office for Student Affairs, 7th "Rock'n EMU" took place at EMU Stadium on 21 April 2017 with the participation of the legend of rock music Bob Geldof and his band 'The Boomtown Rats'.

At the beginning of the organization, first EMU Music Club and local music group Famagusta Music Band took the stage. Then, world-famous rock legend, Irish singer Bob Geldof and his band 'The Boomtown Rats' gave an unforgettable concert for rock lovers. During the two-hour concert, rock lovers had exhilarating moments that will stay in their memories for a long period of time.

"Unite the Island"

During the concert, Bob Geldof and his group The Boomtown Rats stated that "We don't like nationalism. It kills people. In Ireland, we suffered a lot for this reason. We have lost more than 3000 people". Geldof then urged people to ignore politicians and relics and unite. Geldof added that Cypriots have wasted almost 40 years just to come from Larnaca to Famagusta. He also thanked everyone for ignoring what the Greeks say about the event and for attending the attending the concert here at Eastern Mediterranean University.

South Cyprus Criticises Bob Geldof's Concert

Bob Geldof's concert in the TRNC attracted harsh criticisms from South Cyprus. Stating their reactions over internet and via press, Greek Cypriots opposed to Bob Geldof's concert taking place in the Turkish Republic of Northern Cyprus. Bombarding Bob Geldof's social media accounts and internet page with thousands of messages, Greek Cypriots tried

their best efforts until the last moments to have the said concert cancelled.

Who is Bob Geldof?

Robert Frederick Xenon "Bob" Geldof (Bob Geldof) was born to a Catholic family in 1951. In 1975, he formed the group The Boomtown Rats in Ireland. The Irish lead singer was a songwriter in Pink Floyd's 1982 film The Wall in which he also acted. In September 1981, he performed the solo version of the song "I Don't Like Mondays" at The Secret Policeman's Other Ball upon invitation from Amnesty International. Artists like Sting, Eric Clapton and Phil Collins also attended the event. On the 13th of July 1985, Bob Geldof organized a "Live Aid" organization with Midge Ure in aid of African children. After achieving the impossible and pulling the whole world's attention to Africa with his persistence and music Geldof was granted knighthood by the Queen of England.

Information Technologies and Information Systems academic staff member and Coordinator of EMU-CEC Yeşim Kapsıl Çırak, Chair of the KTMMOB Chamber of Electrical Engineers Mert Girgen and Chair of the KTMMOB Civil Engineers Seran Aysal delivered presentations.

About TÜSEM

Established in 2010 upon the approval of the University Rector's Offices and the initiative of the administrators of the Lifelong Education Centers, TÜSEM aims to ensure that the Continuing Education and Lifelong-Learning Centers become institutions that provide higher quality education in a more active and widespread manner by working on accreditation, assessment and certification of the training programs offered by the centers. Among TÜSEM's objectives are also establishing collaborations with the national, European and international institutions, organizations and societies. State and Foundation universities may become members of TÜSEM. Eastern Mediterranean University Continuing Education Center has the unique quality of becoming the first and only institution within the TRNC that has become a member of TÜSEM.

Inst. Hekimoğlu stated that documentaries translated by the said students are the indicators of their readiness for their prospective professions.

"Housing Talks" Takes place at EMU Faculty of Architecture

Eastern Mediterranean University (EMU) Faculty of Architecture, Housing Education Research and Advisory Center (HERA-C) aims to share the university's expertise and know-how regarding housing with all those involved in the housing sector. The center believes that the housing phenomenon should be discussed in a multi-dimensional manner including its physical, social, economic, technological, cultural and legal dimensions. Parallel to their 'education - research', 'research - publication', 'application-consultation' and 'collaboration' activ-

ities, the center is continuing their "Housing Talks" as part of their 4th Term activities.

In line with their aims and objectives, HERA-C carried out the activity 'Housing Talks' on Thursday, the 4th of May 2017 at 15:00. The activity took place at Alper Özdural Conference Hall located in the Faculty of Architecture. Feriha Altok was the guest speaker at the event which focused on the description of venue and residence via poetry. Altok, who holds important positions in both architecture and literature,

gained the opportunity to discuss and share her poems on housing as well as her reasons for starting to write poems, her interoperations and experiences.

After talking about her poetry book Altok went on to read some of her poems from the book. Altok mentioned how she initially believed that architecture wasn't for her but that venues were, continuing to point out that she included venues in all of her poetry books. To conclude, Altok highlighted the importance of poetry in her life, stating that

she is very happy to be sharing her emotions with EMU.

EMU HERA-C Chair, Assoc. Prof. Dr. Kağan Günçe noted that the "City and Architecture III" activity organized by HERA-C and moderated by Assoc. Prof. Dr. Afet Çeliker Coşkun was very productive indicating that the Center will continue to organize activities as such. Bone Marrow Donor Registration Takes Place at EMU

The Eastern Mediterranean University (EMU) Health Sciences Faculty, Department of Health Management organized a Bone Marrow Donor Registration activity as part of their Communication course, in collaboration with the Kemal Saraçoğlu Children with Leukemia Foundation. During the event, 60 volunteers became registered donors.

Speaking at the event EMU Health Sciences Faculty Dean Prof. Dr. Mehtap Malkoç stated: "Our faculty had carried out an event with the Kemal Saraçoğlu Children with Leukemia Foundation last year. This year's event carried out by Department of Health Management students is very important and meaningful. Collecting samples, finding suitable bone marrow and becoming a donor is very important. We congratulate academic staff member Çiğdem Duvarcı and our students for organizing this event. Health Sciences Faculty will continue initiating similar events."

Touching upon the second Bone Marrow Donor Registration organized by EMU Health Sciences Faculty and their foundation, Kemal Saraçoğlu Foundation Palliative Care Unit Chief Nurse Servet Özeralp stated: "On behalf of our community and patients waiting for suitable bone marrow, I would like to thank everyone who parti-

cipated in this event which will hopefully become an annual organization at EMU. One sample equates to one life and each life should be valued regardless of age."

The event with the slogan "Every donor is hope, hope is a thousand times happiness" will provide hope for Leukemia patients across the world. The Kemal Saraçoğlu Children with Leukemia Foundation provides the opportunity for Bone Marrow Donors Worldwide registration via the Cyprus Bone Marrow Archive as a result of their collaboration with the Karaiskakio Foundation. In their statement, the Foundation noted that each year thousands of people, mainly children face problems such as leukemia, lymphoma and other haematological illnesses. Patients that get better after chemotherapy and radiotherapy do not require any other treatment. However for some patients, the serious and difficult stem cell transplantation from parents or voluntary donors is the only treatment method. Thanks to stem cell transplantations many patients have been revived."

The foundation went on to explain that the Cyprus Bone Marrow Archive has the registration of over 125 thousand Cypriot volunteers, stating that this is the world's largest bone marrow archive according to registration to population ratio. It was

also stated that as a member of Bone Marrow Donors Worldwide, the Cyprus Bone Marrow Archive can donate bone marrow to patients worldwide as well as receive worldwide bone marrow donations for

Cypriot patients. Further information can be obtained from the Kemal Saraçoğlu Children with Leukemia Foundation website: <http://www.kemalsaracoglu.org>

International Food Day at EMU FLEPS

The fourth International Food Day took place at Eastern Mediterranean University (EMU) Foreign Languages and English Preparatory School (FLEPS).

Organised by academic staff member Munise Keşanlı in collaboration with the administrators, instructors, students and administrative staff of EMU-FLEPS, the colorful event hosted traditional food items, ethnic clothes and regional dance shows of students from 40 different countries. Those who attended the event gained the opportunity to taste the food, watch the dances and get to know the cultures of different countries. The event also allowed students to socialize. In addition to a large number of students and members of academic staff the event was attended by Vice-Rectors Prof. Dr. Özgür Eren and Prof. Dr. M. Yaşar Özden as well as Rector's Coordinator Asst. Prof. Dr. Arif Akkeleş.

EMU Walks For Stray Animals

Students and staff of Eastern Mediterranean University have taken another step toward becoming an "Animal-friendly Campus". EMU Animal Rescue Club and Neuter-Vaccinate-Let Live Project volunteers organized a walk with the

slogan "Don't Buy, Adopt! Don't Leave, Own". A crowded group of students and academic staff, EMU Rector Prof. Dr. Necdet Osam, Vice Rectors Prof. Dr. M. Yaşar Özden ve Prof. Dr. Özgür Eren attended the said walk.

The walk commenced at EMU Sabancı Dormitory with animal activists carrying banners with unique statements including "EMU is My Home, too"; "Don't Buy, Adopt"; "Don't Leave, Own"; "My Place is Next to You"; "One

Plate of Food, One Cup of Water". For the past four years, EMU Animal Rescue Club has undertaken the feeding of stray cats and dogs on campus as well as their parasite elimination. On its fourth year, the Neuter-Vaccinate-Let Live Project volunteers continue with their relentless efforts in improving the situation of stray animals, including their neutering. As part of the project also supported by EMU Rector's Office, ill, pregnant, old and new born animals on campus are being taken care of at the temporary facilities.

At the end of the walk, project volunteers thanked all supporters for their financial support, stating that they are successfully maintaining the protection of stray animals based on the understanding of them living together with humans. EMU Rector's Office stated that they will continue their support for the project which should be taken as an example by other Turkish Cypriot universities as well as institutions and individuals in all walks of life.

EMU Hosted Special Olympics Turkey Dilek Sabancı Mixed Football Project Activity

Eastern Mediterranean University (EMU) hosted Dilek Sabancı Mixed Football Project Activity organized in collaboration with Special Olympics Turkey, which provides year-round sports training and athletic competitions in a variety of Olympic-type sports for children and adults with intellectual disabilities. The event titled "Mixed Futsal Tournament and Healthy Athlete Screenings" took place at the EMU Lala Mustafa Paşa Sports Complex.

Special Olympics Turkey which carries out its operations under Special Olympics, a non-governmental amateur athletics organization in 177 countries working in collaboration with 225 partners, continued its activities that provide training for children and adults with intellectual disabilities by

organizing the Dilek Sabancı Mixed Football Tournament. Organised in collaboration with EMU, special athletes and their partners displayed performances in the branch of mixed football. All participating athletes were examined by volunteer clinical directors from Turkey in 3 different medical fields. The activity received high participation with 56 special athletes and their partners, coaches, doctors, teachers and volunteers being presented medals at the end of the tournament.

"Live Together, Play Together"

Speaking at the event opening, Special Olympics Turkey Executive Board Chair Mehmet Civelek stated "We continue to introduce events and activities organized with the purpose of integrating special children into social life. We are extremely

happy to create an environment where our children mingle with their peers, compete and win together. We extend our deepest appreciation and gratitude to Eastern Mediterranean University for hosting us and giving us the opportunity to beautify life through games. This year, together with Eastern Mediterranean University's volunteering students, once again we say,

"Live Together, Play Together".

Following Civelek, Rector of EMU Prof. Dr. Necdet Osam expressed his pleasure in hosting the event for the second time at Eastern Mediterranean University. Expressing his happiness and pride in observing the success of individuals with special education needs in the field of sports, Prof. Dr. Osam added that special value should be given to special people.
