EMU HOSTING 6th INTERNATIONAL CAREER FAIR

"EMU is a World University"

Rector of EMU Prof. Dr. Necdet Osam congratulated the stakeholders and participants who contributed to the organisation of the 6th International Career Fair. Stating that as a world university, EMU has been offering all possibilities to contribute to the economic development of the country, Prof. Dr. Osam added that the university is taking firm steps towards its targets within the scope of its vision. Prof. Dr. Osam also put forth that the university is hosting 70 prominent participants from different countries with the aim of expanding students' vision and their integration with the international community. Prof. Dr. Osam concluded his speech by stating that both the Mayor of Nicosia Turkish Municipality Mehmet Harmancı and Vice Chair of the Cyprus Turkish Chamber of Commerce Semral Erel are from EMU and a part of the EMU family, indicating that graduates of EMU always achieve success in their professional lives.

"Students Should Always Have a Part-time Job"

Mayor of Nicosia Turkish Municipality Mehmet Harmancı also delivered a speech in which he highlighted the meaning of the 6th International Career Fair, the opening ceremony of which coincides with the passing day of world famous scientist Stephen Hawking. Addressing the students, Harmancı put forth that career is a journey and that life begins only after the completion of the university studies. Recommending the students to think carefully about choosing the right path and, at the same time, learn

from their experiences, Harmancı stated that he is a graduate of EMU Business and Economics Faculty, Political Science and International Relations Department. At the end of his speech, Harmancı recommended all students to work on a part-time basis during their student years.

Following the opening speeches, the 6th International Career Fair's official opening took place and over 140 local and international firms met with participants.

Participants' Comments

Kıvanç ŞAHİN – Kaya Artemis Hotel Human Resources Personnel

We took part in the Career Fair before. I believe the organisation is extremely beneficial for students. We both explain ourselves to students and promote the possibilities we offer. Having a large number of firms at the same place is for the students' advantage.

Nadire SEVİNDİK - Turkish Airlines Marketing Representative

I believe the fair will be of the students' benefit. We had a chance to explain them how they can apply for a position in Turkish Airlines as well as our conditions. Students both received information about us and made career plans at an environment where hundreds of firms displayed information about their possibilities.

Levent AK- Student at Gastronomy and Culinary Arts Department

I really liked the organisation and found it useful for us as we had

a chance to get to know different firms operating within the TRNC.

Berru SALLABAŞOĞULLARI- Student of Industrial Engineering

This is my first time at the fair and I really enjoy being here. I find it really useful for students as we have a chance to discover different employment opportunities and plan our careers. We also received valuable information about different firms. I hope the event continues during the coming years.

İbrahim ISAH –Computer Engineering Master's Student

After completing my undergraduate studies in Nigeria, I came to EMU for my postgraduate studies. EMU is a really beautiful university and through this organisation, I once again witnessed the opportunities EMU offers for its students. The fair is an important event for the students in getting to know different companies and their employment opportunities and application conditions. I also gathered information regarding internship opportunities at different companies.

Akan OZA- Oza Coffee General Coordinator

We participated in the Career Fair before. I find it really useful for students. While promoting our brand we also provide career opportunities for students. The fair is an important means in finding different employment opportunities and for career planning.

COLLABORATION PROTOCOL SIGNED BY EMU AND FAMAGUSTA MUNICIPALITY

A collaboration protocol was signed by the Eastern Mediterranean University (EMU) and the Famagusta Municipality on Monday, the 5th of March 2018. The collaboration protocol was signed at 09:00 in the Famagusta Municipality Assembly Room by EMU Rector Prof. Dr. Necdet Osam and Famagusta Mayor İsmail Arter. Also present during the signature ceremony were EMU Vice Rector for Administrative and Technical Affairs Prof. Dr. Özgür

Eren, Rector's Coordinator Asst. Prof. Dr. Arif Akkeleş, Public Relations and Press Office Director (a.) Murat Aktuğralı and members of press.

A World University in a Historical Town

Speaking at the signature ceremony, EMU Rector Prof. Dr. Necdet Osam expressed his happiness regarding signing the collaboration protocol with revered Famagusta Mayor İsmail

Arter. Indicating that EMU and the Famagusta Municipality have carried out many projects based on goodwill rather than signed agreements, Prof. Dr. Osam emphasized his belief that the collaboration between the two parties will further progress whilst valuing civic involvement: "It has been a long time since EMU stopped being a local university. It is now a respected world university. EMU has increased the service it provides to the community and

its institutions. It is of the utmost value that our world university is located in this historical town and that the university provides the Famagusta Municipality important services and support."

"EMU is the TRNC's Most Rooted University"

Famagusta Mayor İsmail Arter stated that EMU is the most rooted university not only in Famagusta but in the whole country. Underlining that there is always collaboration between EMU and the Famagusta Municipality Mayor Arter relayed his belief that the new protocol will be beneficial to both Famagusta and the country. Mayor Arter concluded by thanking EMU Rector Prof. Dr. Necdet Osam, his team and everyone who contributed to the protocol that will cover a lot of ground including in-service training that the municipality requires being provided by EMU.

EMU Will Meet the Requirements for Qualified Personnel

The protocol involves EMU providing in-service training for the Famagusta Municipality, increasing the education and capacity of employees, meeting the qualified personnel requirement of the sector, support for all social and cultural activities of the Famagusta Municipality and the exchange of information and experience in mutually relevant areas.

IRAN RELIGIOUS REPRESENTATIVE VISITED EMU

Eastern Mediterranean University Rector Prof. Dr. Necdet Osam received Iran Religious Leader Ayetullah Ali Hamaneyi's Representative for Student Affairs Hojat Al-İslam Mohammad Ali Nezamzadeh at 5:30 p.m. on Monday, 12 March 2018. During the visit of Nezamzadeh, who is in the Turkish Republic of Northern Cyprus with the aim of monitoring EMU's Iran Student Association's elections, Vice Rector for International Affairs and Promotion Prof. Dr. Cem Tanova

was also present. Expressing his pleasure in hosting Nezamzadeh in EMU, Prof. Dr. Osam stated that the collaboration between Iran and EMU will continue as usual. Nezamzadeh thanked EMU Rector Prof. Dr. Necdet Osam and his team for their hospitality and added that students from Iran are extremely pleased with EMU. At the end of the visit Prof. Dr. Osam presented Nezamzadeh a traditional Cypriot frame made of Lefkara lace.

EMU DR. FAZIL KÜÇÜK MEDICINE FACULTY CELEBRATES MEDICINE DAY

Prospective doctors at the Eastern Mediterranean University (EMU) Dr. Fazıl Küçük Medicine Faculty took their first steps towards their careers by wearing their white coats at a 14th of March Medicine Day event. A wreath was placed on to the Atatürk bust located in the EMU Atatürk Square by EMU Dr. Fazıl Küçük Medicine Faculty Dean Prof. Dr. Nahide Gökçora, academic personnel and students on Wednesday the 14th of March 2018 at 09:30. A White Coat Wearing Ceremony / Honor and High-Honor Certificate Ceremony took place at the Rauf Raif Denktaş Culture and Congress Center at 14:00. The ceremony commenced with a moment of silence and the national anthem. This was followed by the screening of a Dr. Fazıl Küçük Medicine Faculty promotional film and a musical recital by EMU Faculty of Education, Department of Fine Arts Education, Music Teaching Academic Staff Members Makka Rothery and Dilşad Asadova.

"You Will Be Students for Life"

Salih Çanlar and Fadilah Ahmed delivered speeches on behalf of EMU Dr. Fazıl Küçük Medicine Faculty first year students. EMU Dr. Fazıl Küçük Medicine Faculty Dean Prof. Dr. Nahide Gökçora addressed the students stating that they started their profession the

day that they stepped into the faculty. Noting that wearing a white coat means signing an invisible agreement, Prof. Dr. Gökçora described those who sign this agreement as agreeing to do all they can to ease the pain of other individuals, to be a student throughout their lives in order to follow rapid scientific developments in the field and to promise to work in order to remove factors that lead to bad health with the realization that preventing illnesses is more important than treating them. Prof. Dr. Gökçora went on to state: "This white coat will provide you the opportunity to earn the respect, gratitude and blessing of others. Saving lives and helping people who require it will make you happy. Sensing the gratitude in the eyes of a masked child, the tongue of an old woman or the screams of a new baby will be an indescribably positive feeling.

"We Will Reach a High Place in the Field"

EMU's Vice Rector for Academic Affairs Prof. Dr. Hüseyin Özkaramanlı started his speech by wishing all medical staff a happy 14th of March Medicine Day. Prof. Dr. Özkaramanlı proceeded to state that despite being founded only six years ago the EMU Dr. Fazıl Küçük Medicine Faculty has achieved great success. Prof. Dr. Özkaramanlı underlined that the university's medicine

program was featured on the World Directory of Medical Schools and that EMU students can apply for the United States Medical Licensing Examination (USMLE) with Educational Commission for Foreign Medical Graduates (ECFMG) certificates, therefore they can specialize in the USA. Stating that they are proud to be graduating their first students this year, Prof. Dr. Özkaramanlı emphasized that they will bring the EMU Dr. Fazıl Küçük Medicine Faculty to a high place in a field which is globally very competitive.

First Step towards Becoming a Doctor

At the White Coat Ceremony that took place after the opening speeches, the medicine students took their first steps towards their professions. A presentation titled "Innovations in Cardiac Surgery" was delivered by world-famous heart surgeon Ordinarius Professor Dr. Afksendiyos Kalangos, founder of the Kalangos Foundation and the humanitarian association "Hearts for all". Following the presentation students were awarded their honor and high honor certificates for the 2017-2018 Academic Year. After messages were delivered by faculty graduates, the event ended with a guitar performance by EMU Dr. Fazıl Küçük Medicine Faculty student Seba Beter and a cocktail.

MATH PLAYGROUND DESIGNER İBRAHİM YILDIRIM IN EMU

Eastern Mediterranean University (EMU) Faculty of Education hosted İbrahim Yıldırım within the

scope of "6th International Career Week" events organized by the EMU Alumni Communication

and Career Research Directorate, precious academicians and experts.

İbrahim Yıldırım who has been teaching in Yeşilyurt village from Tokat province in Turkey is known with his project on transforming mathematics from abstract to concrete concepts. Being deemed worthy of the "Innovativeness in Education" award in 2013, İbrahim Yıldırım created a learning environment where students are able to create, touch or experience abstract concepts of mathematics by using materials made from wood, foam and plastic. Yıldırım shared his own experiences with the teacher candidates who are currently studying in EMU.

By stating that transferring mathematical operations into a concrete concept is the most meaningful and memorable way of learning, İbrahim

Yıldırım mentioned that students are learning in a more effective and a fast way with the concrete concepts by touching and playing games. On the other hand, Yıldırım said that, with the Math Playground, they are able to teach mathematics to children without putting stress on them.

According to Yıldırım, having a way of thinking similar to the students plays an important role. By showing total of 50 toys created by the children, Yıldırım stated that students can achieve everything with appropriate guidance.

İbrahim Yıldırım answered the questions of the teacher candidates at the end of his speech. The sessions ended with the presentation of a thank you plaque to İbrahim Yıldırım by Eastern Mediterranean University Education Faculty Dean Prof. Dr. Ülker Vancı Osam.
